## Covid: WTO's TRIPS council to discuss IPR waiver proposal

PRESS TRUST OF INDIA New Delhi, May 23

THE TRIPS COUNCIL of the World Trade Organization will discuss a revised proposal submitted by 62 co-sponsors, including India, South Africa, and Indonesia, seeking patent waivers to manufacture Covid-19-related medical products, an official said.

In October 2020, India and South Africa had submitted the first proposal suggesting a waiver for all World Trade Organization (WTO) members on the implementation of certain provisions of the TRIPS Agreement in relation to the prevention, containment or treatment of Covid-19.

According to the revised proposal, the waiver should be

in force for at least three years from the date of the decision on the matter.

The co-sponsors have stated that the duration has to be practical for manufacturing to be feasible and viable.

"The revised proposal will now be discussed in the TRIPS Council," the official added. The revised text has pro-

posed waiver for health products and technologies as the prevention, treatment or containment of Covid-19 which

involves a range of things and "intellectual property issues may arise with respect to the products and technologies, their materials or components, as well as their methods and means of manufacture."

"The international community is dealing with a novel pathogen, with many uncertainties. For instance, investigation is still underway for effective therapeutics, and there are still many unknowns with respect to vaccines which will have a bearing on the scale manufacturing and supply that will be needed to control the pandemic such as the duration of immunity conferred, effectiveness of vaccines against new variants, and the effect of vaccines on children," the submis-

### Decision on class 12 board exams by June 1: Pokhriyal

PRESS TRUST OF INDIA New Delhi, May 23

**THERE IS A** broad consensus among states about conducting Class 12 board exams and an "informed, collaborative" decision will be taken by June 1, Union Education Minister Ramesh Pokhriyal 'Nishank' said on Sunday.

However, states like Maharashtra said at a high-level meeting on Sunday that "non-examination route" for Class 12 students should be actively examined and Delhi and Kerala governments suggested vaccinating students before the

According to sources, the CBSE has proposed conducting exams between July 15 and August 26 and the result to be declared in September. The board also proposed two options: conducting regular exams for 19 major subjects at notified centres or conducting shorter duration exams at respective schools where students are enrolled.

The ministry has sought detailed suggestions from states by May 25. Sources claimed majority states were in

favour of the second option while some wanted a mix of both options.

The CBSE has already cancelled Class 10 board exams and announced an alternative marking policy. The April and May edition of the engineering entrance exam JEE-Mains were also postponed.

The board exams, which are usually conducted in February-March every year, were scheduled to be held from May 4.

Further, MCX said its average daily turnover in commodity futures (including index futures) on the exchange decreased by 13% to ₹31,823 crore in the fourth quarter of the 2020-2021 fiscal from quarter previous year.

MCX observed that the novel coronavirus (Covid-19) pandemic continues to spread across the globe including India. Covid-19 has taken its toll on not just human life, but business and financial markets too.

However, based on the current assessment, "the management is of the view that the impact of Covid-19 on the operations of the Group and the carrying value of its assets and liabilities is minimal," the exchange said in its footnote.
